## About This Game

From **Vendel Games**, creators of *Spirit of Revenge: Cursed Castle*, comes another installment in the *Love Chronicles* brand!

The entire kingdom has turned out for your daughter's 8th birthday celebration, featuring the world-famous magician, Mister X.

But her party takes a dangerous turn when Mister X is revealed to be a dark wizard – he kidnaps your daughter and turns the entire kingdom to ice! Now he plans to awaken the ancient Queen of Ice, and he needs your daughter to do it. Your amulets protected you from his dark spell, and now you're the only one who can stop him. Bundle up and prepare for an exciting journey in this Hidden Object Puzzle Adventure game!

This is a special Collector's Edition release full of exclusive extras you won't find in the standard version. The Collector's Edition includes:

Chase down a new villain and conquer evil in the bonus game!  
Morphing winter-themed items with unlockable greeting cards  
Soundtrack, concept art, and wallpapers  
A comprehensive Strategy Guide

This is a Hidden Object Puzzle Adventure game, meaning a specific genre of story-driven, point & click adventures. Throughout the game, players are tasked to find a list of objects hidden within a particular scene, and to occasionally complete various mini-games/puzzles.

love chronicles a winter's spell collector's edition walkthrough

This is one my favorite game of all time, hands down. I have always loved H. P. Lovecraft's work. I loved it for the things beyond conception, the things which shouldn't be able to function in our universe but do, and most of all for the things which aren't perverse because they are the opposite of what our culture advocates, but because they simply exist outside of what we are and can possibly be. In most games, movies, and book that are inspired by H. P. Lovecraft get this wrong, but this game gets it right on the head. Even if it wasn't able to show things that can't exist, it was able to create the feel of something truly alien to all that we have, and can, ever know. In game, the voice (who I think might be Yog-Sothoth) even says that you cannot perceive.

So over all, yes, this game is something that I recommend. It simply does something that I have never truly seen done before. I have been looking for a while for something like this, and have just found it.. A fun Monkey Island knock-off that isn't all as hard as Monkey Island thus making it fun to play for the younger ones(and the older ones that find MI a bit too hard). Snappy dialogue and an ok story makes this an entertaining game for the few hours it takes to finish. A fun adventure!. Good game! thumbs up! I hope you will continue. Great game. But dont buy from steam as its to much,n buy it off♥♥♥♥♥like i did or wait for a sale. i beat it under 5 min not sure why but hmmm interesting ,,, A fun, short little horror game. It may not seem like much, but in my opinion, it does a good job of setting the mood and is able to surprise you when you let your guard down. I enjoyed thinking about what the story could be like while looking at well modelled sets. This game was most certainly not half♥♥♥♥♥and deserves a thumbs up considering the small crew! Job well done! ^.^ Overall, a beautiful soundtrack, one I would definitely recommend to anyone interested. Note of warning, however, the track "Lamunes '79" might be difficult to listen to due to the way the electric piano wavers to and from the left and right in headphones.

Short, simple, and fun! I beat the game on the second hardest difficulty in about 90 minutes. Near the end it hit the sweet spot of just hard enough to be a real challenge without being frustrating.. Really fun and relaxing to play. Despite the cutesy graphics, there are a lot of systems to sink your teeth into. Explore planets with a little expedition crew and try to upgrade your colony at the same time. Fun stuff!. Love this app. I was in the beta. And it works great.. Game Information

Abandoned: Chestnut Lodge Asylum is an *Hidden Object Puzzle Adventure* game that was developed by *Lazy Turtle Games* and published by *Tri Synergy Inc.*

#### *Game Visuals*

*I want to mentioned that the visuals for the is well done. Even though the visuals are somewhat an old school. The visuals can be adjusted in the game's option menu.*

#### *Game Audio*

*I want to mentioned that audio for the game is well done. Even though the audio is somewhat simplistic and repetitive. The audio can be adjusted in the game's option menu as well.*

#### *Gameplay*

*There are two different game difficulty modes to choose from: Easy and Expert.*

*The notebook keep tracks of progression in the game. Such as story events and clues*

*There is no map available in the game. Plenty of backtracking from location to location.*

*There is no padlock feature that is available to lock the inventory panel in place to make it stationary. The inventory panel automatically comes stationary.*

*The hidden object scenes consists of the following: Traditional word lists. Some of these hidden object scenes may require a little or no interaction.*

*The puzzles are fairly easy to solve without having the need to skip any of them.*

*There are morphing objects (beyond objects) in the game. They are scattered throughout the game for the player to find.*

*There are twenty-seven different achievements that can be unlocked from playing the game. Each of these achievements does come with some requirements that needed to be completed before they can be unlocked.*

#### *Miscellaneous*

*Final thoughts: I have found the game enjoyable to a certain extent. The replay value for the game is low. I would recommend this game, but not at the game's full price value.. Running King is a fun little indie game where you help the King escape with his treasures. You move objects (such as rocks\switches\traps) on a side scrolling map to clear way for the King as he runs through it. The concept and controls are simple and easy to pick up. You will find new game mechanics as you move toward higher stages. So far I would say I have a very enjoyable experience and can't wait to see all the different game mechanics this game has to offer.*

<https://www.youtube.com/watch?v=YiCiPrVxeZU>. can not slow down the curser (pan) enough to play the game!!!!!! :( Not for the easilly triggered... that's for sure! But overall this game is just as fun as it is frusterating. each level brings on a different challenge yet all of them want to make you pull you're hair out. \ud83d\ude00 Definetally get this game!. This is a really beautiful and wonderful game!

[Its very peaceful - No timelimits on quests/days, which makes it very relaxing. The graphics are really stunning and controls are very smooth. I do wish items where picked up automatically since this can cause a bit of problems, but other than that, there is no really annoying features.](#)

[This game is for sure worth the price and if you like My Time At Portia, you'll also love this game.](#)
